- Signs may not be within any public right of way or sidewalk easement (any sign within the public right of way may be removed without notice).
- If located along a public street, signs must be located behind the sidewalk regardless of property line location.
- Signs cannot impede sidewalks, exits, or other pedestrian, vehicular, or bicycle way.
- Signs shall not be placed within traffic vision clearance areas.

 - ❖ Flashing Signs

- Political signs are subject to the same maintenance requirements as other signs. All such signs must be maintained in a neat, clean, and attractive condition.

 - Signs that do not meet compliance with the Keizer Sign Code may be subject to removal.

We know that you share with us a desire to equitably enforce these requirements. Experience has show that adhering to the Sign Code will make your campaign signs more effective, will lessen criticism of your political signs and will maintain the neat and attractive appearance of our community.
